Optical  
digital audio

Model Name	[Rock series] S/PDIF Optical Digital Audio Cable, mini Toslink (3.5mm) to Toslink, 1m (3.3 ft.), for MacPro,...
Model No.	<b>AT11</b>

### Key Features:

- Deliver the best sound quality for connecting Mac computers\_ MacPro , AV Receiver, HDTV, Blu-Ray/DVD player, or cable/satellite box.
- Support the **AV system** equipped with **optical S/PDIF (Toslink)** port.
- Precision-polished optical terminals create stronger signals and better high frequencies for the cleanest audio.
- Integrated **strain relief (SR)**, plus high quality cable with PVC jacket protected against wire damage.
- High quality material & high quality assembly are well for delivering the best sound quality with lowest distortion.

OVERVIEW

- S/PDIF Optical Digital Audio Cable, **mini Toslink (3.5mm mini jack)** to **Toslink**, 1m (3.3 ft.), black.

● Toslink

- **S/PDIF**: **S**ONY/**P**hilips **D**igital **I**nterface **F**ormat.
- **Toslink**: **T**oshiba **L**ink.

**"Optical Digital Audio, S/PDIF, Toslink" is talking the same thing.**

● mini Toslink (3.5mm mini Jack)

● **Apple TV, MacPro supporting**

	Toslink	Mini Toslink 3.5mm mini Jack
Apple TV	Yes	no
MacPro	no	Yes

*Notice:*  
**2015 New Apple TV is not equipped with Optical Audio.**

- **Apple TV** Optical Audio (**Toslink**, S/PDIF)

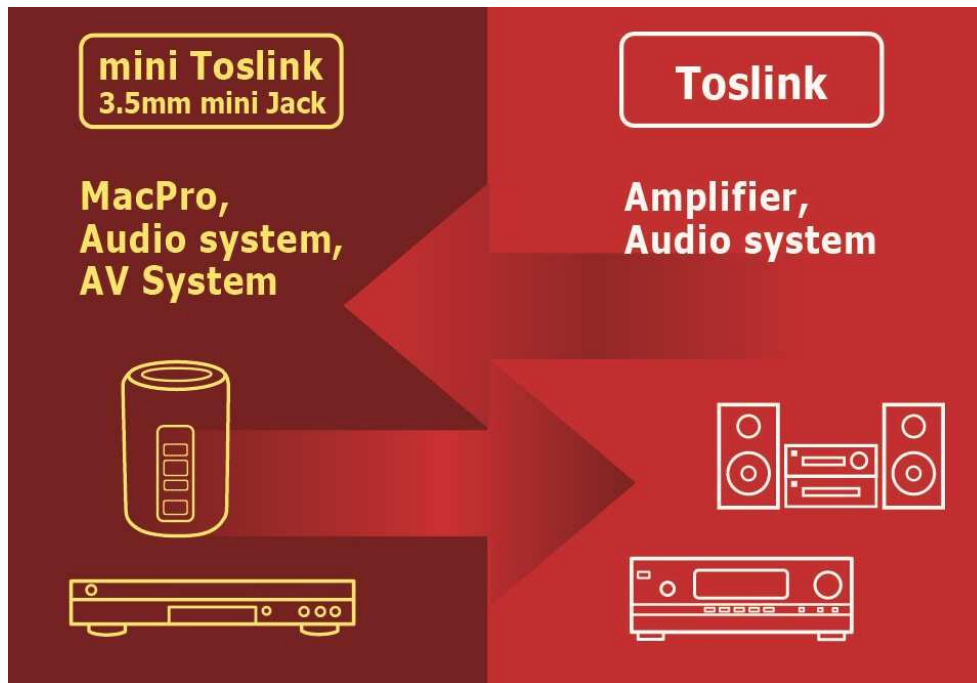

- **Mac Pro** Audio output with 3.5mm mini jack for both **Digital mini Toslink** & **Analog 3.5mm AUX**.

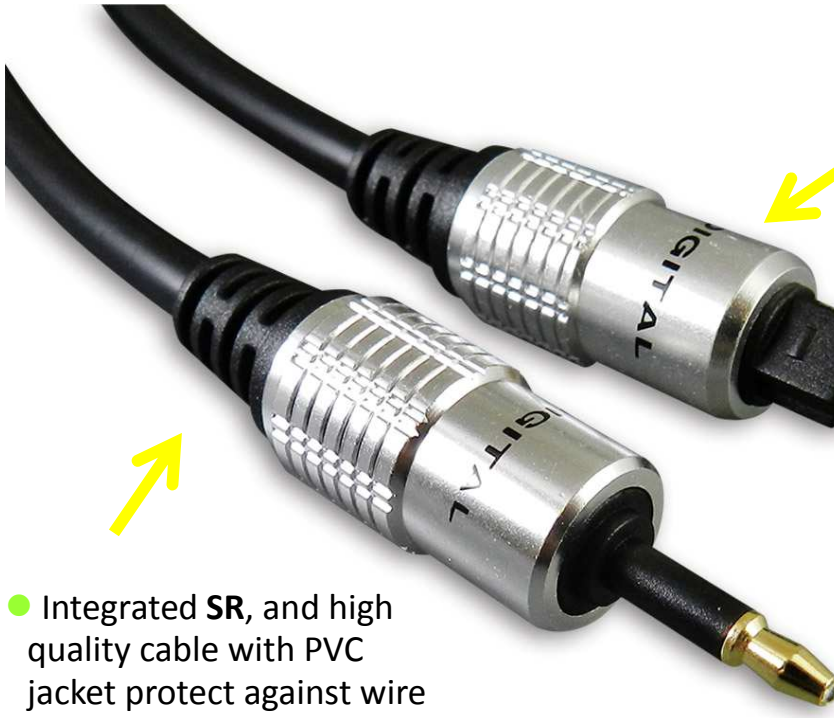

- HDTV with Optical Digital Audio output. (That is Toslink, S/PDIF).

- Amplifier with Optical Digital Audio input. (That is Toslink, S/PDIF).

### ● Configuration

- Integrated SR, and high quality cable with PVC jacket protect against wire damage.
- OD of Cable: 5mm.

● High-end **metallic shell of aluminum alloy** to arise high quality character.

- Precision-polished optical terminals.
- Terminal material: **Brass with 24K gold-plated.**

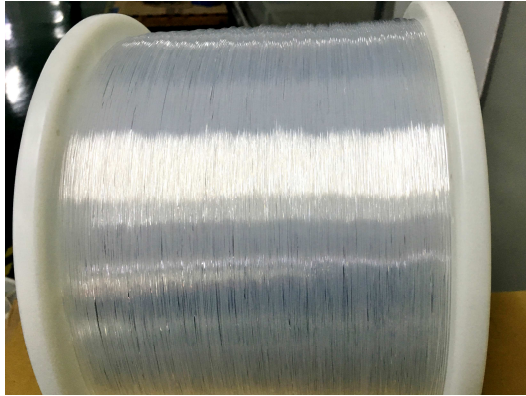

● Dust cap is included.

● Complete Product.

### ● Package

● Using high-quality **Japan TORAY** plastic fiber wire

**Introduction**

Amber's Toslink Optical Digital Audio Cable uses superior-grade optical fiber to deliver better clarity and a more natural sound from your digital AV equipments. Amber gives solutions of Toslink & mini Toslink (3.5mm mini jack) for connecting HDTV, Apple TV, Mac Computer and AV receiver to Amplifier or AV system.

Toslink is connector for optical digital audio cable, and is named as S/PDIF also.
